

SERIOUS TESTING

M3G™ AND M20P PORTABLE MOISTURE TESTERS

FOR THE FASTEST GRAIN MOISTURE TESTING, GET THE M3G™ AND M20P PORTABLE MOISTURE TESTERS.

DESIGNED FOR ECONOMY, THESE HANDHELD UNITS PUT IMMEDIATE, REPEATABLE MOISTURE TESTING A SCOOP AWAY. AND, YOU CAN EASILY MATCH READINGS TO LOCAL ELEVATOR TESTS AND CHANGE GRAIN TYPES.

Amazingly Versatile

The M3G lets you test three grains of your choice, while the M20P provides moisture readings for up to 20 different grains.

Changing grain types is as easy as 1-2-3, and the units store and average up to 10 individual samples.

And, both the M3G and the M20P can bias to match your elevator's moisture tester readings.

Incredibly Fast

The M3G and M20P put rapid grain moisture testing in your hand. Simply scoop your samples directly from bins or hoppers or catch them from auger flow; then press one button to test your grain.

Remarkably Convenient

Lightweight and compact, the M3G and M20P require no cups or screw-on caps, simplifying moisture testing for you.

Each provides density compensation without weighing or compressing samples. Both have an easy-to-read LCD display with grain labels clearly listed.

They're equipped with USB ports for language changes and direct grain calibration through quick, simple downloads from the DICKEY-john web site.

Backed by the Power of DICKEY-john

When you buy the M3G and M20P, you get all this, plus the dependability and reliability you expect from DICKEY-john products. DICKEY-john's advanced technology and superior electronics are backed by a team of expert in-house mechanical, electrical, software, and test engineers. And, we manufacture our products and their components, ensuring total quality control—we're ISO 9001 certified.
